_____ The realization was tempered by something else, though. The kissit felt different than the one shed experienced the day before after the bath. Her lips feltwell, they felt different. Changed. Colette smiled as she broke off her Good Morning smooch. Madame! Zee treatments of the Experiment they are taking hold! Come and see for yourself! she trilled excitedly. She took MILF 13 by the arm and helped her out of the warm pink bed. Though the vibrations working away inside her made the walk a sex-packed challenge, she managed to make it to the mirror with Colettes help. She sucked in her breath. The changes were beginning to become more obvious now her steady diet of the Corporations formula wasnt just filling her head with the pink fog of coerced compliance nowthe changes were becoming increasingly physical as well. She now knew why her lips had felt strange during that kiss. They were plumper now, fulleralmost like theyd been bee stung and rubbed with pepper. Her eyes were even wider than theyd been the day before, and no doubt about it. They stared back from the mirror with a vacancy that shocked her an effect that was certainly enhanced by the high arches of her surprised-looking eyebrows. Her hair was lighter, redder, and much longer now, falling in ringlet tresses around her shoulders, and now streaked here and there

with strips of blonde. It looked like an expensive dye job for a high-end stripper and wildly inappropriate for a soccer mom.
