

Additions to the Pleistocene Mammal Faunas of South Carolina, North Carolina, and Georgia (Transactions of the American Philosophical Society)

Compiled and written by Albert E. Sanders, *Additions To The Pleistocene Mammal Faunas Of South Carolina, North Carolina, And Georgia* is a scholarly and specialized paleontology study that systematically analyzes several dozen mammal specimens. Black-and-white photographs of fossilized evidence combine with a meticulously detailed text to make *Additions To The Pleistocene Mammal Faunas Of South Carolina, North Carolina, And Georgia* a welcome addition to Paleontology Studies reference shelves and reading list. - By Midwest Book Review
