

Into the Fire [The Royal Wolves 2] (Siren Publishing Classic)

[Siren Classic: Erotic Paranormal Romance, werewolves, spanking, HEA] With age came wisdom for Miklos Farkas, and the desire to make peace rather than constantly battle, and he makes it his life to bring bad guys to justice. Then, in a night filled with flame and heat, he sees her, and like the explosion that flattened him, she certainly gets his attention. Harker Collins is a firefighter with attitude and gumption. Then she sees him flying out a window just to protect a child, and who wouldn't want that in her bed? But sometimes the best laid plans get sidetracked in the heat of the moment, and hers are no different. The arsonist brings them together then nearly tears them apart before they can do more than think of what might be. But one determined firebug isn't the only thing working to keep these two apart. Guilt from his past will drive a wedge between them, and if she can't make him see that it wasn't his fault, they'll never have what they both want. Will the fires burn bright or will they be stifled for all time? Note: This book contains excessive violence against the heroine by the villain. ** A Siren Erotic Romance
