When they were teenagers, Amber and Stevie were so deeply in love that nothing could drive them apart. Until the one night, when Amber needed Stevie to be there...and, instead, Stevie disappeared without a trace. Seven years later, Stevie appears in Ambers life again with a long scar across her stomach, and a pretty fantastical explanation for her disappearance that night. Sparks fly between the two women, and they are drawn together with a passion neither of them can ignore. But Amber needs the truth about what happened that night. Can Amber forgive Stevie, or will the true story of that night be too hard to believe?
