

I Am Speaks

I Am Speaks is a collection of inspirational poems born out of my many encounters with God as I cried out of desperation and hurt in pursuit of understanding and wisdom. My struggle with forgiveness shines through Gods own voice as He deals with me concerning love, mercy and sacrifice. You will experience uplifting, healing and encouragement as you encounter words of inspiration imparted as God presented them to me. You will gain insight to help with your walk through the difficult mazes of this life. This book will evoke newness of thought and challenge you to come up higher in your everyday encounters as you deal with people, circumstances, and your own struggles and frustrations. I Am Speaks is not only spiritually sound as each poem refers the reader to supportive scripture; it is a sacred get-away... when the storm of life has settled over your house and there is no sign that the sun will ever shine again... that place of escape where you receive a refreshing for the soul, wisdom for your journey and counsel for your confusion.
