

## The Billionaires Naughty Nurse (BBW billionaire romance)

Clare is a luxury care nurse whose job is as boring as it sounds. She knows she should feel lucky, even if her patients are more senile than sexy. That is, until the reclusive billionaire, Jacob Willinford, requests her service. Promised with the funds to pay off her debts if she follows his demands and shuts her mouth, she agrees to take care of him in his luxury home. But when she goes to give him some medical attention, she is surprised that he likes to give out some medicine of his own, hard and without protection! Note: this short story of 4500+ words contains steamy sex between two consenting adults and is only for those 18 and older!
